SUBJECT: Travel Interruptions Related to COVID-19

Due to the close proximity in which USAF Academy cadets, faculty, and staff live and interact on a daily basis, I have determined it is vitally important to our mission that individuals limit travel, to the greatest extent possible, while the COVID-19 virus continues to be a threat. This decision is made to protect the health and welfare of our cadets as well as active-duty and civilian personnel and to ensure our mission of training future officers continues uninterrupted. Accordingly, I request that cadets and permanent party limit or reschedule personal travel in the near future, to the maximum extent possible. I encourage individuals to utilize my Staff Judge Advocate's legal assistance services to assess whether they may be able to cancel travel reservations and recoup travel costs already paid.
