The first few days at the Academy tests a new cadet's endurance, both physically and mentally. It's called **Basic Cadet Training**, or **BCT**. Cadets call it "**Beast**" because it's like getting devoured by a wild animal. Every day they hit the ground running, from early morning until late evening. Upper-class cadets, under the supervision of active duty military personnel, lead basics through BCT, helping make the transition from a civilian to an Air Force Academy cadet.

The BCT yearbook gives **fourth-class cadets** and their families the opportunity to look back with pride and remember their hard work and accomplishments.

A "Congratulatory Message" section is included in the back of the yearbook. This is your opportunity to congratulate your basic and include a message to let them know how proud you are of them completing this milestone. **One copy of the yearbook is automatically distributed to each basic cadet who completes BCT**; however, if you would like to purchase any additional yearbooks, please complete the form on the reverse and submit it to our office. The Yearbook will be ready for distribution in approximately **November**.
