

## **CE 351 Cadet Checklist**

### **Checklist for OPS CEAF (USAFA and ROTC Cadets only):**

- Security Clearances: every cadet is required to have an active secret clearance.
- OSI Intel briefing: All cadets visiting overseas bases must receive a Level-1 anti- terrorism threat briefing.
- Immunizations: Specifically, overseas locations require up to date immunizations and additional immunizations for your location. Make sure you verify with public health that you have the proper immunizations.
- Luggage: Check the individual airline for “military on orders” guidance regarding checked bags and carry-on requirements/limitations.

### **All cadets participating in OPS CEAF will need the following items:**

1. **Identification cards.** All cadets issued an ID cards are required to carry them at all times.
2. **Official travel orders:** You must obtain and carry with you at all times. If you are going overseas: you will be required to show a copy of your orders and military identification card at customs. You are not required to bring a passport as long as you have a military ID and official travel orders but if you have a passport, recommend bringing it as a second form of identification for redundancy purposes is a good idea.
3. **Official Government Travel Card:** If cadets have been issued the government travel card, they are required to bring it with them on Ops CEAF. Your government travel card will be used to purchase airline tickets and your hotel room at a minimum.
4. **Current Physiological Training Card** (altitude chamber) to the assigned Operation Air Force Base. Failure to bring the card may prohibit cadets from participating in flight activities during the program.
