Ladies and Gentlemen

We are still facing much uncertainty as the spread of COVID-19 continues in the United States. We are monitoring the situation very closely but no determination has been made on altering the status of Summer Seminar, In-processing Day, Basic Cadet Training or any of USAFA's Summer Programs. We will send out information as soon as possible, if this changes. Please continue to check <https://www.usafa.edu/news/coronavirus/> for information on the status of USAFA.

We have been heavily focused as an institution on graduating the Class of 2020. This past weekend, in a historic ceremony, 967 cadets received their degrees and commissioned as Second Lieutenants. Eighty-six of those cadets became the first from USAFA to commission into the United States Space Force.

This focus on the Class of 2020 does not mean we have forgotten about you. Admissions is working hard to bring in the Class of 2024. We are finalizing our selections for entry into USAFA, the USAFA Preparatory School, and the Falcon Foundation schools. Appointees can help the Academy by completing all Appointee Kit items as quickly as possible. If you are having challenges completing your items due to COVID-19 closures, please e-mail your Admissions counselor with a brief summary of the challenge.

We continue to look for ways to connect in the current environment. When able, we are collaborating with radio stations, congressional offices and other forums to conduct virtual outreach; advertisements will be made locally per event. In the meantime, for questions about life at USAFA, please contact one of our recent graduates at: USAFA.Admissions.Programs@usafa.edu.

Thank you all for your patience during this uncertain time. Be safe, stay healthy and we look forward to opportunities to connect with you in the future.

Sincerely
